Operations Title	Operations Description	Type of Operations
Juvenile Justice Compliance Monitoring	CJCC's Juvenile Justice Compliance Monitor ensures the District's compliance with four core requirements of the Juvenile Justice and Delinquency Prevention Act (JJDNA): (1) deinstitutionalization of status offenders; (2) separation of juveniles from adults in secure facilities; (3) removal of juveniles from adult jails and lockups; and (4) reduction of disproportionate minority contact within the juvenile justice system. Noncompliance would result in a reduction of grant funding from the Office of Juvenile Justice and Delinquency Prevention (OJJDP). The Compliance Monitor receives and reviews annual admissions reports from all DC juvenile correctional and detention facilities and conducts site visits at each of these facilities. ## Strategic Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date
<b>JUSTIS facilitates electronic information sharing among local and federal criminal justice partners. (2 Strategic initiatives)</b>		
Establishing Interfaces between JUSTIS and New Agency Records Management Systems	JUSTIS facilitates electronic information sharing among local and federal criminal justice partners by ingesting data directly from agencies' records management systems (RMS) and displaying that data in the information portal or allowing direct sharing between agency RMSs through the system-to-system exchange. During FY21 and FY22, the Metropolitan Police Department (MPD), Department of Corrections (DOC) and Pretrial Services Agency (PSA) are slated to launch new records management systems. CJCC will establish new interfaces between JUSTIS and each agency's system by the end of the fiscal year.	09-30-2022
JUSTIS Strategic Plan	CJCC manages and administers the District's designated Integrated Justice Information System (IJIS), referred to as the Justice Information System (JUSTIS). JUSTIS, a web-based information portal, displays data from multiple agencies on the same screen. It has a system exchange component and an information hub that allows the exchange of data feeds among its partner agencies. JUSTIS is a critical part of CJCC's information-sharing efforts. CJCC will engage a contractor to develop a five (5) year Information Technology Strategic Plan (Plan) outlining how the agency should be strategically aligned to better meet its mission and satisfy the future needs of its partner agencies and stakeholders.	12-31-2021
<b>Research and Analysis to Support CJCC Priority Areas (2 Strategic initiatives)</b>		
Comprehensive Plan to Reduce Gun Violence	During FY2021, the CJCC engaged the National Institute for Criminal Justice Reform (NICJR) to conduct a problem analysis of gun violence in the District of Columbia to (1) establish a common understanding of the local violence problem and (2) inform the selection and implementation of violence reduction strategies. During FY2022, the CJCC will continue to engage with NICJR to develop a Comprehensive Plan to Reduce Gun Violence that (a) summarizes the problem analysis findings; (b) leverages the problem analysis to identify the specific goals and objectives the District should seek to reduce gun violence; and (c) makes recommendations regarding how the gun violence reduction goals and objectives can be achieved	01-31-2022
Revitalization Act Analysis	On August 5, 1997, Congress enacted the National Capital and Self-Government Improvement Revitalization Act of 1997 to address the root causes of some of the long-term fiscal challenges the District was experiencing at the time. As a result of the Act's passage, the federal government assumed responsibility for certain costly services in the District, including certain criminal justice functions. CJCC has engaged a contractor to submit a written report that (1) analyzes how the changes made to the District's justice system as a result of the Act have impacted justice system operations and (2) examines the impact the systemic changes have had on victims and justice-involved persons.	09-30-2022
