

# Department of Forensic Sciences FY2023

Agency Department of Forensic Sciences

Agency Code FRO

Fiscal Year 2023

**Mission** The mission of the Department of Forensic Sciences (DFS) is to produce high quality, timely, accurate, and reliable forensic science with the use of the best available technology and practices, unbiased science, and transparency with the overall goal of enhancing public health and safety.

## Strategic Objectives

Objective Number	Strategic Objective
1	Provide high-quality forensic science and public health laboratory analysis to stakeholders so they can execute their own core services to the public in a timely manner. Our three overarching core services are: crime scene evidence collection, forensic science analysis, and public health laboratory diagnostic, analytical, and emergency response testing
2	Provide administrative support, training and risk management oversight to our laboratory and technical units by ensuring compliance with the legal mandate to make analysis documents available. The science lab units will each have administrative support services to maintain operational capacity in the form of training, continuing education, safety, risk management, quality and legal support
3	Create and maintain a highly efficient, transparent, and responsive District government

## Key Performance Indicators (KPIs)

## Operations

Operations Title	Operations Description	Type of Operations
<b>1 - Provide high-quality forensic science and public health laboratory analysis to stakeholders so they can execute their own core services to the public in a timely manner. Our three overarching core services are: crime scene evidence collection, forensic science analysis, and public health laboratory diagnostic, analytical, and emergency response testing (5 Activities)</b>		
Improve laboratory efficiency through technological advances	DFS will continue to expand its capabilities as a top tier forensic and public health laboratory by implementing new scientific programs and investing in laboratory equipment infrastructure.	Key Project
Provide timely testing of pathogens of public health significance	The Public Health Laboratory will provide diagnostic, analytical and emergency response testing for biological pathogens and chemical agents from clinical, environmental, or food sources.	Daily Service
Cyber Operations	Cyber Operations performs activities that protect sensitive information, gather evidence to mitigate possible or real-time threats, and support other agency intelligence activities.	Daily Service
Conduct professional and expedient crime scene responses, collection, and storage of evidence	The Crime Scene Sciences Division will serve as stewards of evidence by maintaining custody of evidence from collection to storage at DFS.	Daily Service
Conduct timely forensic analysis	The Forensic Science Laboratory division will conduct coordinated and timely forensic analysis in accordance with industry standards and accreditation guidelines.	Daily Service
<b>2 - Provide administrative support, training and risk management oversight to our laboratory and technical units by ensuring compliance with the legal mandate to make analysis documents available. The science lab units will each have administrative support services to maintain operational capacity in the form of training, continuing education, safety, risk management, quality and legal support (3 Activities)</b>		
Offer training curriculum for professional development	Provide a training curriculum to DFS employees to ensure they maintain skill sets, meet standards of excellence, and deliver high quality, accurate, and reliable services	Daily Service
Monitor quality compliance with certification requirements	Assurance that DFS produces products that are fit for stakeholders' purposes by maintaining ISO 17025 accreditation for the agency, maintains Clinical Laboratory Improvement Act (CLIA) certification, as well as, compliance with applicable federal regulations such as the Division of Select Agents and Toxins (DSAT)	Daily Service
Oversee the laboratory environment is both safe and healthy for staff	Establish, manage and ensure compliance of federal, district, and local regulations and policy; and provide medical surveillance to staff, mandates safety training for all staff members, and audits laboratory facilities to ensure a safe work environment	Daily Service
<b>3 - Create and maintain a highly efficient, transparent, and responsive District government (6 Activities)</b>		
Efficiently procure vital services and resources	Proactively procure the necessary services, supplies, and equipment for the laboratories to meet the daily needs of scientists and agency personnel	Daily Service
Strategically forecast, analyze, and present agency data to determine levels of resource efficiency and goal attainment	Analyze raw data and present graphical visuals of real-time workload from data obtained from LIMS, and other databases to better inform strategic leadership decisions to enhance laboratory services	Key Project
Responsible for human capital management and recruitment for DFS and serves as liaison to external entities	Supports the hiring of new employees and provides employee data on residency, on-board time, and performance plan completion from data pulled from PeopleSoft	Daily Service
Education and Grief Counseling Services	Education and Grief Counseling Services	Daily Service
Provide legal advice to the agency and facilitate stakeholder engagement	Facilitate stakeholder engagement, legally advise director level decision-making, train scientists for court testimony and presentation of scientific expertise, draft contracts and agreements with government and private organizations, and process discovery requests	Daily Service
Ensures all IT systems and databases are operational and secure for scientists and agency personnel to deliver reports and services to stakeholders	Promote and facilitate the effective integration of technology into the DFS divisions by developing, supporting, and maintaining a highly effective, reliable, secure, and innovative information systems to support agency needs	Daily Service

## Workload Measures (WMs)

Measure	FY 2020 Actual	FY 2021 Actual
<b>1 - Conduct professional and expedient crime scene responses, collection, and storage of evidence (2 Measures)</b>		
Number of evidence items received	83,529	74,902
Number of crime scenes processed	6194	6005
<b>1 - Conduct timely forensic analysis (7 Measures)</b>		
Number of AFIS database hits	1828	931
Number of items processed in Evidence-processing unit	16,527	6090
Number of service requests from stakeholders	4387	4037
Number of CODIS database entries	770	402
Number of AFIS database entries	7990	3847
Number of CODIS database hits	260	185
Number of Gigabytes of data processed	123,331	101,307
<b>1 - Provide timely testing of pathogens of public health significance (3 Measures)</b>		
Number of Proficiency Tests performed	62	86
Number of validation efforts performed	24	31
Number of tests performed for each recieved public health sample	85,377	229,770
<b>2 - Monitor quality compliance with certification requirements (3 Measures)</b>		
Number of Quality Corrective Action Requests opened	74	93
Number of internal audits	12	17
Number of stakeholder complaints received	1	0
