Office of Cable Television
OCT (CT)

MISSION
The mission of the Office of Cable Television (OCT) is to: (1) regulate the provision of “cable service” in the District of Columbia (as that term is defined by the District’s cable television laws); (2) protect and advance the cable television-related interests of the District and its residents; and (3) produce and cablecast live and recorded video and other programming by way of the District’s public, educational and government (PEG) cable channels.

SUMMARY OF SERVICES
OCT (1) regulates the provision of cable television services by the District’s cable television franchisees; (2) manages the District’s two municipal government channels (TV-13, TV-16); and (3) manages the District Knowledge Network (DKN) (formerly “District Schools Television” (DSTV)). TV-13 provides gavel-to-gavel coverage of the Council of the District of Columbia. TV-16 provides information regarding the many programs, services and opportunities made available by the Government of the District of Columbia. DKN (i.e., the District’s re-formatted schools/educational cable channel) is designed to provide residents with superior quality educational programming that not only fosters and encourages student learning and achievement, but that also provides to our community life-long learning opportunities. Via these channels, OCT provides to District residents immediate and comprehensive access to the activities and processes of their government. OCT is dedicated to providing quality diverse programming and services that seek to educate, enlighten, and empower the residents of the District of Columbia. Department performance expectations in FY12 are listed by functional division.

ACCOMPLISHMENTS
- OCT rebranded TV-16 to the District of Columbia Network (DCN).
- Draft legislation allowing OCT to fine landlords for denying cable provider’s access to MDU’s.
- Develop agency plan consisting of an internal, cloud-based asset management system.

<tr>
<td><strong>OBJECTIVE 1: Protect and advance the cable television-related interests of District residents.</strong></td>
</tr>
</tbody>
</table>
| **INITIATIVE 1.1:** Promote cable competition and choice for District residents.  
**Fully Achieved.** The District currently enjoys the service of RCN, Verizon and Comcast and continues to ensure that District residence receive the best cable services available. |
| **INITIATIVE 1.2:** Negotiate the renewal of the Comcast and RCN Franchise Agreements.  
**Partially Achieved.** OCT has completed negotiations on much of the franchise renewals but a few issues remain outstanding, which must be addressed before the negotiations and renewal agreements are complete. The reason for the added time in resolving these outstanding issues is that they involve collaborative efforts that include other agencies like OCTO, DC-NET and DDOT. Additionally, we are in discussion with OPC, PSC and PEPCO on other pertinent issues to move the agreement forward to completion. |
| **INITIATIVE 1.3:** Update and submit evacuation and risk management plans to the Office of Risk Management.  
**Fully Achieved.** OCT continues to monitor, coordinate and administer loss prevention and occupational safety and health training to OCT employees. OCT also implemented and recommended practical risk control program strategies that will minimize potential risk and expense to the District. |

1 Because OCT does not exercise direct control over this measure, it does not properly indicate productivity by OCT. Therefore the measure has been removed from the FY14 KPI goals. It has been replaced by measures that better reflect the performance of the Agency and Regulatory Division.
